When funds are invested, the clerk shall survey the local banks and the State Treasury Pool to determine which type of savings plan, and which bank, will offer the greatest return for the District funds. The Superintendent shall develop criteria and procedures for appropriate investments which shall be reviewed by the Board. A progress report of investments shall be made to the Board on a regular basis.

Policy Considerations

The investment policy shall be reviewed annually by the Superintendent or designee and recommended changes will be presented to the Board for consideration.

Investments may be made only in those instruments approved by, and in a method in conformity, with State law including any instrument permitted by law for the investment of State moneys.
