Student Discipline

The District provides the best learning opportunities possible within the resources available. In addition to a full instructional program, those opportunities include a wide range of student activities to stimulate the athletic, artistic, and creative skills of students.

In exchange for these opportunities, both students and their parents assume substantial responsibilities. To preserve an orderly and safe learning environment, students must abide by the reasonable rules and instructions of the staff. Corrective action shall be administered fairly and moderately, primarily to modify behavior rather than to punish students. Parents are encouraged to inquire about the successes and problems of their children and to reinforce their learning at home by showing an active interest in students' development.

Parents and educators are partners in children's education. To that end, both must strive to provide for the physical and mental well-being of all students.

Disciplinary action may be taken against any student guilty of disobedience or misconduct, including, but not limited to:

1. Habitual truancy;
2. Incurability;
3. Academic dishonesty;

10. Using, possessing, controlling, or transferring a weapon in violation of the “Possession of Weapons in a School Building” section of this policy;

21. Use of vulgar, profane, or immoral language;

Graduated consequences for bullying may include any of the above listed traditional or alternative disciplinary measures or a combination thereof in accordance with the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance. However, depending upon the nature of the act, the District reserves the right to deviate from the process of graduated consequences to appropriately address the conduct at issue and move directly to suspension or expulsion proceedings. District personnel may also report the student's conduct to the appropriate law enforcement officials.

Disciplining Students on Individual Education or Section 504 Plans

The District shall comply with the procedural safeguards enumerated in State and federal law and rule when disciplining students with individualized education plans or 504 plans.

Gun-Free Schools

A student who uses, possesses, controls, or transfers a firearm, or any object that can reasonably be considered to be or look like a firearm, shall be expelled for a definite period of time of at least one calendar year. The Board, however, may modify the expulsion period on a case-by-case basis. The Board, at its discretion, may designate the Superintendent to modify the expulsion requirement on a case by case basis. The building administrator shall notify the appropriate law enforcement agency of any student who brings a firearm to school.

If a student violating this policy is identified as disabled, either under the IDEA or Section 504, a determination must be made whether the student's conduct is related to the disability. If the violation of the policy is due to a disability recognized by the IDEA or Section 504, lawful procedures for changes in placement must be followed.

Any student subject to an expulsion shall be entitled to a hearing before the Board, in accordance with Idaho Code and Board policy.

Possession of a Weapon on School Property – Misdemeanor

No person shall possess a firearm or other deadly or dangerous weapon or object that can reasonably be considered a weapon while on school property or in those portions of any building, stadium, or other structure on school grounds which, at the time of the violation, are being used for an activity sponsored by or through a school in this State or while riding school provided transportation. This also applies to students of schools while attending or participating in any school sponsored activity, program, or event regardless of location.

As used in this section of this Policy only:

1. "Deadly or dangerous weapon" means any weapon as defined in United States Code; and
2. "Firearm" means any firearm as defined in United States Code.

Any person who possesses, carries, or stores a weapon in a school building or on school property, except as provided below, shall be referred to law enforcement for immediate prosecution, as well as face disciplinary action by the District.

The Board may grant persons and entities advance permission to possess, carry, or store a weapon in a school building. All persons who wish to possess, carry, or store a weapon in a school building shall present this request to the Board in a regular meeting. It is solely within the Board's discretion whether to allow a person to possess carry or store a weapon in a school building.

This section of this policy does not apply to:

1. Law enforcement personnel;
2. Any adult over 18 years of age and not enrolled in a public or private elementary or secondary school who has lawful possession of a firearm or other deadly or dangerous weapon, secured and locked in his or her vehicle in an unobtrusive, nonthreatening manner;

Gun safety teachers, upon knowledge and permission of the Board, may bring guns onto school premises for the express purpose of instruction. Extreme care will be exercised in the control and security of such weapons.;
5. A weapon or device which a student is permitted to use for educational purposes which is brought to school with the explicit approval and permission of the Board or the Board's designee.

Delegation of Authority

The behavior of pupils while on school property or under school supervision is the direct responsibility of the classroom teacher, the building principal, or the staff member assigned as the supervisor for a school related activity. Those responsible for student behavior are expected to be cognizant of and to enforce all provisions of this policy.

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure (other than suspension, expulsion, corporal punishment, or in-school suspension) which is appropriate and in accordance with the policies and rules on student discipline. Teachers may remove students from a classroom for disruptive behavior.

Repeated or serious violation of student behavior rules must be reported by those in charge to the building principal who must then report to the Superintendent. The Superintendent shall provide the Board with a report of all instances of serious personal injury, property damage, theft, vandalism, or moral turpitude.

Nondiscrimination

The District will ensure that student discipline is enforced in a nondiscriminatory manner to avoid subjecting similarly situated students to different treatment without a legitimate reason for doing so, or when such a reason is merely a pretext for discrimination. Such discrimination, which the District will endeavor to avoid, includes the following:

1. Adopting discipline rules which treat students differently based on race, color, national origin, ancestry, sex, gender identity, sexual orientation, ethnicity, age, language barrier, religious beliefs, physical or mental handicap or disability, economic or social conditions, or actual or potential marital or parental status, or status as a homeless child;
2. Adopting any rule with the intention of targeting students based on the personal characteristics listed above, rather than for a legitimate purpose, regardless of whether the phrasing of the rule appears neutral with regard to students' personal characteristics;
3. Enforcing an apparently neutral rule more harshly on the basis of a student's personal characteristics; or
4. Discipline of any student when it is motivated by intentional discrimination.

Notification

A summarized version of this policy shall be provided in writing at the beginning of each school year to the school personnel, parents, and students in the District. This summarized version may be provided in the Student Handbook. Information provided to students shall be provided in a manner appropriate to the student's age, grade, and level of academic achievement. Students are responsible for knowing the rules and regulations governing behavior and for following such rules. Students are required to abide by reasonable rules and requests made by teachers, administrators, bus drivers, and other adult members of the school staff.

The Board shall review this policy annually.
