**Section III: How LEA Measures Progress Towards Literacy Goals and Targets (required)**

Instructions: To indicate how your LEA intends to measure your progress towards your literacy goals and targets, you may choose to complete either Section III.A or Section III.B. Section III.A allows you to identify at least one LEA Chosen Performance Metric (note that it must be distinctly different than the metrics listed in Sections I and II), which may be consistent with previously chosen LEA chosen metrics. Section III.B allows you to address your plan to measure progress through a short narrative.

<b>Section III.A: Measuring Literacy Progress - LEA Chosen Performance Metrics (at least 1)</b>			
<b>Performance Metric</b>	<b>2022-23 Performance Targets (From LEA's 2022-23 CIP)</b>	<b>SY 2022-23 RESULTS (if available)</b>	<b>2023-24 Performance Targets (LEA's Chosen Goals)</b>

% of kindergarten students who score proficient on the Spring [district-specific assessment]	74.0%	88.00%	<b>60.0%</b>
% of 3rd grade students who score above or at / near grade level on at least 2 ISAT by Smarter Balanced Interim Block Assessments.	N/A	43.00%	<b>45.0%</b>

**Section III.B: Narrative on Measuring Literacy Progress**

Instructions: If you are choosing to use section III.B to address the Section III requirement, please use the box below to provide a brief narrative describing how your LEA is measuring your progress towards your LEA's literacy goals and targets. Please note that your description *must* include at least one clear performance metric that is measurable, has a performance target / goal for 2022-23, and is distinctly *different* from the required metrics in Sections I and II, above.

Our district is measuring progress towards literacy targets using the LEA chosen performance metrics listed in Section III.A. Our district measures progress towards our literacy targets and goals based on the % of students who score below proficient on the Fall IRI who gain at least one performance category on the Spring IRI. While our overall goal combines all grade K-3 in the district, schools within our district have set school-based and grade-based targets based on their students. For 2021-22, after reviewing previous years of data, we set a goal that 46% of students who did not score proficient on the Fall IRI would gain a performance category by the spring. We exceeded our goal by 3 percentage points placing the K-3 grade level at 49%. Since we will focus on accelerated learning and resources to provide additional supports to students, for 2022-23 we have set a goal of 50% of non-proficient students to gain at least one performance category by spring.

**Section IV: How LEA Measures Progress Towards College & Career Advising & Mentoring Goals (required)**

Instructions: To indicate how your LEA intends to measure your progress towards your college and career advising and mentoring goals and targets, you may choose to complete either Section IV.A or Section IV.B. Section V.A allows you to identify at least one LEA Chosen Performance Metric (note that it must be distinctly different than the metrics listed in Sections I and IV), which may be consistent with previously chosen LEA chosen metrics. Section IV.B allows you to address your plan to measure progress through a short narrative.

% of high school seniors who apply to at least one post-secondary institution	51.0%	94.0%	<b>96.0%</b>
% of high school juniors who complete the [Careers and Financial Literacy course]	61.0%	100.0%	<b>100.0%</b>

**Section IV.B: Narrative on Measuring College and Career Advising and Mentoring Progress**

Instructions: If you are choosing to use section IV.B to address the Section IV requirement, please use the box below to provide a brief narrative describing how your LEA is measuring your progress towards your LEA's college and career advising and mentoring goals and targets. Please note that your description must include at least one clear performance metric that is measurable, has a performance target / goal for 2022-23, and is distinctly *different* than those required in Section I, above.

College and Career advising is done on a regular basis. 6th grade students visit and transition to the jr/sr high school in May of the current year. 8th grade students transition to high school with a 4-year plan meeting with parents. 10th and 11th grade college visits. Individual Junior transitions meeting with parents and student. 8th and 11th grade career exploration courses.

Advanced Opportunity Night for parents and students. Dual Credit opportunities are made available and a meeting with the local college LCSC is scheduled. FAFSA night is made available to help parents and students fill out financial aid forms.

Mentoring services are made available to students who show a one to two-year deficit in scoring on local and state assessments. A plan is put in place in grades K-3 and parents sign. Parents are asked to give their feedback on the plan and any input is welcomed.

All test scores on state-wide assessments are mailed to parents. Benchmark scores from local tests are emailed or sent home in school report card

## CONTINUOUS IMPROVEMENT PLAN (2023-2024) METRICS AND DEMOGRAPHICS - TEMPLATE PART 2

### Section V: Report of Progress Narrative (required)

Instructions: In the provided box, please address the progress your LEA made towards your 2022-2023 Performance Targets (as chosen for your 2022-2023 CIP and included in the sections above). We recommend your reflection include a) your successes in meeting performance targets; b) your areas of challenge (including those where previously set performance targets were not met); and c) any plans you have to build on your success and/or address challenges. You may expand the size of the box, if needed.

#### Successes

With the pandemic that disrupted education in spring 2020, we have officially entered our 4th year of in-person instruction and we are beginning to see more consistent growth and closing the gap on proficiency. A number of students have shown great gains last year compared to the year prior, but there are a few students who are still on the 2 year cycle of showing stagnant growth, but we are continuing to work with these students and their families. We are heading in the right direction, but the staff know we are still working towards certain goals.

#### 2022-23 Performance Targets Met

Graduation Rate (97.1%); ISAT ELA 6th grade (69%), ISAT Math 6th grade (50%) and 8th grade (42%); Our IRI in Kindergarten (75% 2022-23), (50% in 2021-22), 1st grade (86% in 2022-23), (30% in 2021-22), and 2nd grade (71% in 2022-23), (45% in 2021-22) We saw significant growth from the 2021-22 school year to the 2022-23 school year

HS juniors who completed a career and financial aid course (100%).

#### Planned Strategies to Address Areas of Challenge

For the 2023-24 school year we will continue to work on our iStation results in K-3. The September 2023 test indicated some of our students fell in the 1 or 2 category on the test, which was substantially less than the September 2021 iStation test. We know that coming out of a summer and students not being in the reading mode to begin the school year, we believe a number of these students will reach the 3 mark on their test in the October data. We also know from last year that the fall to spring growth was substantial for the majority of the students in the elementary building. We are in year #3 with the integration of Superkids our 2nd grade class. K-1 has been using this curriculum for numerous years. We hope this will continue to help our students grow. We adopted a new reading curriculum (HMH Into Reading) in grades 3-5 to assist with consistency. Our 6th grade ELA classes are aligning with the Jr
